

South East Alaska Friends of Montessori (SEAFOM) Teacher Training Candidate **2022 Application**

Our mission is to support schools and individuals throughout Southeast Alaska by promoting, developing, implementing, and maintaining Montessori education, as created by Dr. Maria Montessori.

SEAFOM provides funding to eligible individuals to obtain Montessori teaching certifications through the Association Montessori Internationale (AMI) at all levels: Assistant to Infancy (birth to 3 yrs), Primary (3-6 yrs), Elementary (6-12 yrs), and Adolescence (12-15 yrs). However, the priority training for 2022 funding is Elementary level training. Candidates for training must be admitted into an AMI training center and must possess credentials for teaching in Alaska's public schools, or present an educational plan for achieving such licensing credentials (except that Assistant to Infancy candidates are not required to hold teacher licensing credentials).

SEAFOM teacher training awards are considered "sponsorships" and include a multi-year obligation from the funding recipient to diligently pursue employment at a public or private Montessori school in Juneau or other established AMI-based school in SE Alaska. SEAFOM cannot guarantee the employment of teachers, but endeavors to prepare candidates who are committed to Montessori education and to living in SE Alaska.

The amount of funding and conditions of repayment (should the candidate not complete their obligations) varies with available funding and the need for trained Montessori teachers at specific grade levels. SEAFOM's funding priority is for tuition associated with a training program. Funding for travel, training center fees other than tuition, living expenses, and equipment/materials is not guaranteed, but may be granted on a limited basis when financial need is demonstrated and funding is available. The conditions of repayment vary according to the amount of funding provided by SEAFOM, with larger funding allocations being tied to longer repayment contracts. Repayment is only required if the candidate does not successfully complete the training, or does not accept an offered teaching position in an AMI-based school in their SE Alaska community.

SEAFOM retains all rights to allocate funding to candidates of its choice, and under terms of its discretion without regard to previous funding awards or other conditions.
